EASTON and ARLON Modular Modular Sofa + Table Collection Designed by Matteo Thun & Antonio Rodriguez for Désirée

Modern, elegant and flexible.

EASTON fits perfectly into an easy urban lifestyle. The sofa's strengths are its flexibility and neutral statement. No matter the chosen proportions, EASTON is infinitely combinable. The sofa's special accessories stay the same: with every combination, the metal bases remain at 45° – a statement akin to a chic ring on the hand. ARLON, the collection of freestanding oval tables with fluted coloured glass surfaces compliment the modular elements. It is a matter of style, like a fragile bracelet circling the wrist.

Matteo Thun and Antonio Rodriguez: "We very much appreciate Désirée's approach to innovation and enjoy the deep dialogue with the technical teams. After having designed ARLON, OVERPLAN and EASTON we are amazed by the attention to detail and outstanding Made in Italy quality."
